

September 12-14, 2023

**Hotel Villa Pamphili
Via della Nocetta, 105 - Rome**

Intrauma IV Symposium _____

Preliminary program

Tuesday, 12 September 2023

INTRAUMA COMPANY SESSION | Chairman:  *S. Del Medico*

13:00-18:00 | Intrauma will **welcome all attendees**, report on Company direction and product development in human and Veterinary field through a series of keynote Speakers.

Wednesday, 13 September 2023 – Morning Session

3D TECHNOLOGY & LIMB ALIGNMENT | Chairman:  *U. Reif*  *J. Leite*

09:00-14:30 | This Session keeps evolving throughout the years. This year the **3D Technology and Limb alignment** Session will address the evolution of 3D Software assisted planning and the use of Custom VS semi-custom Surgical Guides and implants in deformity correction.

Wednesday, 13 September 2023 – Afternoon Session

STIFLE SESSION | Chairman:  *J. Hnizdo*  *L. Vezzoni*

14:30-17:00 | A milestone we cannot miss to cover. Speakers will share their experience on too small or too big TPLO patients; what **TPLO Variations and osteotomies are available for advanced CrCL ruptures**. Stifle complications will be addressed through clinical case reports presented in the Wednesday afternoon round table.

Wednesday, 13 September 2023 – Afternoon Session

COMPLICATIONS ROUND TABLE | Chairman: *All*

17.00-18.30 | Open discussion is what keeps our community together, even after the Symposium; this year we want to dedicate a Round Table on complications to keep growing the **sharing and confronting** spirit of our surgical community. Intrauma will soon start a **Call for Clinical Cases**, and some will be presented during the Round Table; our Chairmans and the Clinical Case lecturer will confront the audience on how to address the complication reported.

LIFETIME ACHIEVEMENT AWARD

18.30 | Our way to recognize and **thank Surgeons** that have dedicated their Career to design and master Surgical approaches to improve patients outcome.

Tuesday, 14 September 2023 – Morning Session

FRACTURES SESSION | Chairman: *B. Peirone* *L. Vezzoni*

09:00-14:30 | A session on best strategies and implants selection to win the most difficult races. When **MIPO** is the best solution, how to combine different mechanics, what are the strategies for revision in non-union cases, juxta articular fractures in small breeds and Cats.

Tuesday, 14 September 2023 – Afternoon Session

ELBOW DYSPLASIA STATE OF THE ART | Chairman: *K. Bruecker* *B. Beale*

14.30-17.35 | For the First time Intrauma allocates a complete Session to **Elbow dysplasia**. What are the Techniques used so far and what are the outcomes? How to get a good result after Elbow arthroscopy? What do we know about elbow dysplasia biomechanics in 2023?
